

Nu Lyfe Moving's Checklist for Moving with Pets

Moving with your furry friends in tow requires special attention to ensure their comfort, safety, and well-being throughout the move. Founded in **2009** by **Paul Flores, Nu Lyfe Moving** understands the unique challenges of relocating with pets and offers this comprehensive checklist to guide you step-by-step.

Before the Move

- **Veterinary Visit:** Schedule a check-up to update vaccinations and gather health certificates if crossing state lines. Consult about calming aids if needed.
- **Research Pet Regulations:** Confirm destination-specific requirements for vaccinations, permits, or quarantine.
- **Update Identification:** Ensure collars have current tags with your new address and phone number. Consider microchipping and GPS trackers for extra security.
- **Travel Logistics:** Decide on transportation method and book pet-friendly accommodations or flights well in advance.

Packing and Preparation

- **Pet Essentials Kit:** Pack food, water bowls, medications, toys, bedding, and first-aid supplies.
- **Safe Packing:** Label pet boxes clearly and keep hazardous materials out of reach.
- **Familiarization:** Help pets adjust to carriers or crates gradually to reduce stress.

Moving Day

- **Secure Confined Space:** Keep pets in a quiet room or crate away from movers.
- **Hydration and Feeding:** Offer water frequently and avoid heavy meals.
- **Travel Care:** Monitor temperature, take breaks during drives, and follow airline pet policies if flying.

After the Move

- **Set Up Pet Areas:** Place familiar bedding and toys first to create a soothing environment.
- **Reestablish Routines:** Maintain feeding and walking schedules.
- **Safety Check:** Pet-proof the new home and watch for stress signs.
- **Find Local Resources:** Locate new vets, groomers, and pet parks.
